STOCK JUDGING

The agricultural department of the Territorial government is making special efforts toward stock improvement in the Northwest. The following letter which explains itself, has been received by F. F. Tims, secretary of the Edmonton Industrial Exhibition Association, from J. R. C. Honeyman, deputy commissioner of agriculture:

"Last year one day stock judging schools were held along the Calgary and Edmonton line and proved a success. Animals were brought before the audiences and desirable and undesirable conformation pointed out. These kind of meetings are believed to be along the right line because they appeal to the eye of the farmer and stockman as well as to his sense of hearing. The department is anxious to hold a few two-day stock judging schools in connection with the local agricultural societies and Live Stock Associations, as follows:-

Edmonton, January 26 and 27.

Lacombe, January 28 and 29.

Assiniboia, February 2nd and 3rd.

Medicine Hat, Feb. 4th and 5th.

Arrangements are being made with Mr. F. W. Hodson, Dominion live stock commissioner, for speakers. No definite word has yet been received from him, but the department thought it well to write you in advance, asking you to lay this matter before your directors at once. There are difficulties in the way of getting a suitable place to hold these meetings during the winter, but in nearly every town there is some place in which they can be held. The morning and afternoon sessions could be held where the stock can be used, or possibly afternoon sessions only. The evening sessions could be held in a hall and general farm topics discussed or subjects relating to live stock. The department expects to have a magic lantern available by that time to illustrate live stock subjects.

"The department will defray all reasonable expense incurred in fitting up a suitable place with seats, also all expenses of speakers. The societies will be expected to rent a hall for evening meetings and morning meetings, if necessary.

"Kindly consider this matter at once and wire decision at department's expense, as meetings of this character will not be held in any town where the agricultural society and local stockmen will not loyally support and work all together for a successful convention."

No better time than the beginning of the year to tender our sincere thanks to our very numerous customers and to solicit a continuance of their patronage, and also predict that the present year will largely increase the number. HERE'S A STARTER FOR 1904

FLOUR

Like everybody else we have sadly realised that through an unusual accident our wheat crop has been partly destroyed; this and the large immigration of last year, will increase the demand for flour far in excess of the possible local production. Under the circumstances the salvation to better our present situation was to look abroad, so we did; and we were fortunate enough to secure large quantities of flour at a comparatively low figure, of which we give the benefit to our customers and the public:

HENCE DOWN GOES THE PRICE

- 1st Hungarian Patent, \$2.65
- 2nd Strong Bakers \$2.25 single bags
- " " " \$2.20 in lots
- 3rd Assiniboia \$1.65 (grade next to Strong Bakers)

We guarantee our flour to be the best made, out of good hard wheat, from up-to-date mills.

We have a car in and more will follow regularly. Bear in mind that this is not to run opposition to anybody but simply to supply our customers and the public with their daily bread, like everything else in our stores, at the lowest possible figure. When coming for your flour do not forget to bring a list of all your wants. We can fill your order from beginning to end.
